To attempt an honest note to you, whom I feel I love very much. At a time where you say not to me. I know I love you. I know now so much. I believe now more than ever how and why we loved and what wrong we did to eachother. But one loves + one is in love. We do still love, even you love me, you feel now you are not in love with me. But why we lost that, the romance in love is the only part of the machine that broke. It can be mended. I know because I too lost the "being in love" the romance. We did that to eachother. — for our independent hangups, which undoubtably we both admit to.

The reasons that we loved eachother are valid still now. The beauty, truth value, art, eye, body, feel, sense, touch, look, smile, even humor, Tom all is the same. Inside you know this also. What + why one loves with so very deep Tom. I know — therefore you cannot deny this.

Today I can + want to accept all of you. Everything. My contribution to the shit is going gone. It was my fear, my past, my shit of anxiety from home, — yours your need of approval, wherever you could get it. Tom the you are adored now by someone else I know is true but remember + you know this also that when I put you down it was an effort all shit we pulled on eachother a circle that needed something (crisis) to break it.

There you are. When we could of changed the shit.

On phone sometime in the beginning of these "hard times" you said you loved me more when you were screwing others." Look that was why you could not give to me + why I could not give to you. But if there is something in that I love you more then ever, why - I see what we did to eachother but also how and really how much we do believe in eachother. You know this to be true.

You want to deny it because it seemed impossible to be brought back to "loving" eachother. I want you so much that I know its not true. Because I too "thought" I stopped loving you - - and now I see how much this changes if the real deep meaning of loving another is there.

I can only think of Tom. I'll only know how much I want to be with the "image" I have made of him. Can he be that image. Can we be every bit what "is the best of both of us". Can we ever be again. Will we ever be together. My body cries for him. I have never wanted so badly.

this is for "abondment rejection causes" I must really have had a major dose in my early years (which I did) + Dr. Claire is aware of Eva's problems.

How sad if my love + problems never to get that. What love I have fantasied between T + E. How sad only dreams. Yet, all I know is his + my love. None other. And that is all a dream. Sad, he lie alone. he is with a girl. and that girl I so wish her ill. It is not even her fault.

DADDY IS Dead.

He is in Switzerland.

Aug. 17, 1966.

Eva will fly home tomorrow.
Daddy will be flown here Sat.
The day they were to arrive.
I received a postcard this morning. He sent me flight no.
Also airport information no.
He wanted me to meet them.
I am numb.
I will help Eva all I possibly can. All she will let me.
Lucy + Mel stayed with me last eve. Mel stayed here.
Sol + Mel + I walked N. Y. C. today. There is not a thing I can do.
Stanley called Tom. Not a word. Dr. called me. I asked him. Like I felt. without pressure. Best thing was another tell him.

Last eve. I felt alone, like funeral too was just us.
But Helen says thats not so.
So ~~today~~ tonight I tried to call a few friends. Everyone is away.

I first felt Tom should go to Ohio. He must not feel he should be present. "We must lead separate lives". I am confused.
But I do or did expect (or now do) that he call. At first it was just my grief, but grief or love loyalty friendships are shared. So are ~~is~~ responsibilities. I do not see all this clearly.

I find it hard now being alone and Tom not being with me. His not calling now becomes magnified and leaves me with a huge vacant empty feeling.

My daddy is gone.
I will never see him again.
I cannot much longer stand being alone.

The loyal friends and I could not have better friends cannot help me void that fear.

I know it must come from within
However it seems I'll never
win completely. Maybe some
even does., but then they do
make it with another.

I must now work
even harder to be strong, get
well - yes Be Happy.

Daddy, my thoughts
are right ones for you they
were always there between us.
I feel no guilt. I never did
you wrong. So much sadness
though. Your books you made
for me are my thoughts of you.
It is sad we could never
share any part of them verbally.
I would have liked to hear much
from you. But it was too painful.
I would have liked you to know
about the shows + articles. You
would have been so pleased + proud,
and less scared for me.
We were always so scared you,
+ I. We ever shared that.
Please, for us I will
~~win~~ ~~them~~ conquer those fears.

It true, my books in a sense are also like your books were. Yours were for me, to me about me. But you write them they therefore with you + about you.

Daddy I will try.

I will try hard.

— It is really only happiness I must learn. Of other things I have learned, try, tried and work hard.

Happiness we all never learned. —.

Monday. Aug. 22.

There is a reason I could not write since Wed. eve.

It is so horrible I can not beat in my monologues with, to Tom express them.

He has gone beyond transgressing marriage, loyalty, respect honor. - he has voided all trust belief - dreams mine. - mostly he has been spineless, characterless, soulless, heartless. He has been not only inhuman to me but I feel so dishonorable to my father.

I did not expect a call a letter, a visit nor his coming to the funeral. I hoped for at least a letter. I believed he would have felt as much and although difficult for him that he would have made the effort. I knew he would at least be thinking feeling this if the actions were neglected.

But I was so horrible wounded, hurt (& vg my) because he did not only not

act, he did the action that was so awful.

He came to N.Y. (living away 3 mos.) to catch a bus to Ohio for a reunion. He slept with O in studio, letting me know he was there. written Wed. 24 Aug.

John Burris came to N.Y. last Spent 4 Thurs. with him. Drinking. Max's. Eve. we met Ellis, went to Cafe Arc. "Best of Eyron". Walked home. Doyle's lights were on. My heart pounded. John said "he came home for you" I knew he would". We went up stairs. John called "Tommy, its me John". John "I'm across the street with Eva — yes, I'll come right over." I awaited the phone, I lay on my bed dreaming. I left all lights on, — not living room (not to seem to anxious) — others they should know, I am waiting. 3/4 hr. later phone rings. John calling from his hotel, He too is tied with O. I could not believe, anxiety sets in. With each incidence anxiety increases.

John returned. I could no longer be alone. At the time I knew John did the wrong thing but I could not blame him. I felt total rejection, fear, defeat— Stabbed.

8:30 A.M. He had to leave.

I went to Bob + Lucy.

Sol stayed with me all day + night.

We went to Smithsons 9:30 P.M.

I fell asleep after 1 or 2 hrs. They showed my slides and read aloud the Time + Space articles.

Duckbell, Shulman + Papanek were called. I knew what to do but could not see them that day.

Sat. Sol stayed till Ray, Mary Lou + baby drove me to Helens house.

At 7:00 we drove to Hanna + Herman Moller's. 8:00 We drove to airport. Cargo, freights.

Upon arriving we saw the limousine. My father was in a coffin. There was burlap covering a huge crate. Long.

a box in a box.
Looked like a Christ without ropes. A Indiana Stenciled on burlap. "Riverside Chapel"
N. Y. C.
The coffin was in the car.
It was dark.
We could not pick up "body" until the Sabbath was over.
~~It~~ My father was there since morning.
My father was embalmed in Switzerland. Montreaux. Chemicals:
This is against orthodox law.
It was necessary. — The airlines were on strike. He wanted to be buried in America. — for us. I suppose. Option was Homburg Germany. — rest of family there! However they did not know what was to become of Germany in 1933. and those who died there ~~died~~ in Hitlers camps ——————.
We drove back to Hannas.
Helen, Hanna + I.
Murray + Herman

followed Daddys body in the coffin in the limousine into N.Y. For miles we were behind there car. - We turned off in Kew Gardens.

Herman + Murray went with the body to Riverside Chapel. They made arrangements. DEATH CERTIFICATE - checkups, papers, order, law intern, ites, money, coffin, prayers, prayer books, candles, TALIS, yamikas, burial dress.

Burial dress - Herman supervised the ritual washing + dressing. Sun. morning 9:00 A.M. - 9:00 A.M. Eve + I were waiting .... waiting the limousine took us to "chapel" 10:00 P.M. We waited in a room. On the side ~~is~~ a small open room. Daddy lies there in another coffin. A simple coffin, its simplicity was beautiful. According to orthodox law Daddy was placed in another coffin. The one from Sixty. had nails: this is not allowed. The idea is that wood disintegrates

nails do not. Everything must disintegrate but the soul.
Ruthie (today Aug. 24) home from camp,
"I do not believe it".
I Eva, while sitting here alone,
I won't believe, I really cannot
accept . . .
Big Eva intermittently
says "I am not needed anymore
I have none". I Evelen must
feel this; I cannot stand the
aloneness because it represents
(Papaneh + Dudell) "abandonment,
rejection"; of past.
Equally as I love
and won't except Tom's being
gone, — "his new life with O." — his
words.
Daddy felt sad + scared
for me.
Eva + Helen think of me
as the sick sensitive one. + I feel
as the unintelligent but artistic one.

I cannot sleep. 2:00 A.M.
I am exhausted. hours +
hours of people, tension, doing nothing

but going over + over, some material. life, death, sickness. People coming, going.
Learning compassion.
Learning aloneness.
Learning the need to love, to be loved. To learn to see + respect self.
Learning to see big Eva.
To see Helen.
Murray
Ruth + Marc.

To see Tom.
I first remember, before the Summer "Dumbell" "As Yplons are bearing fruit" something like that – it brings back the hope. New interpretation to Tom's last actions. Probably false but if any truth it shows his sickness in full light, + as "lack of depth" (Sol Lewitt).
interpretation: His being still involved and not wanting to: to show me he cares nothing, to prove it to himself.
Hardly reads or makes any

sense at all. There happens to be no just explanation + I cannot except this at all.

I must still feel I did so much wrong to him to deserve this.

I must really feel I did so much wrong in my life to be treated this way.

I must really feel guilty. Guilty for my mothers death? Guilty now for my mothers death?

Why the masochism? which = helplessness.

Coming close to answers but go in circles.

Not in work. Yes in work = circles but clear definitive statement.

Although awake + tired I am tonight, now not frightened. Can it be because Helen told me she loves me, wants only that I be well + happy + I believed her.

My fear of rejection is my past.

No coincidence between my paranoia (quite justifiable) is the way in which all people this week avoided discussion of me, my work, my husband, my life, my home, my friends. Nothing was mentioned. One classic, Mr. Katz. "Are you married?, a Jewish boy".

I stood tall at my father's funeral. I was big inside. Not the scared, helpless child. I loved my father. It showed. That is the best way I can express my behavior.

Maybe that is why I am behaving so immaturely regarding my separation from Tom. I too let him down. I regret much in my actions toward him. I also loved Tom.

I have grown so this year, last Aug 28 we came back to America.

Since then in fact I have lost my husband (through separation) and my father through death.

Somehow, I must face this understand and live again.

Big Ewa is leaving ~ Helen. She is right. She feels he cannot lean or depend on me. I have proven myself unstable Helen has proven herself stable. Even as children.

They remind me of this constantly. It comes up concerning everything. our entire life history. School, friends, boys, men, doctors, illness, husbands, children, choices of professions. all, all all !!

I feel more helpless. Insufficient. Stupid. Then I want more to prove. My only weapon is art my finish, my accomplishments which they don't understand or I don't feel they respect because they don't respect art nor understand in the way that I do understand.

But I guess I don't respect this yet myself.

That is what it means.

Rosie has implied + or said as much.

Papaneh as well.

Dunbell most of also.

I don't see this yet.

Paj: "satisfaction from my successes."

Cannot be alone because I need to be reminded of this and in aloneness I see only my rejections. Must see + believe in former. go from there. As for rejections

My mother did not reject me, she rejected self. was ill.

My father ~~the~~ never rejected me. — he strove really to help me even when he was helpless himself.

As for Doyle — we did reject eachother. + I think I contributed much to its origin. However if he makes it final I guess? I must see it as one person saying no — not see it as I being unworthy — fini — just for

what it is Doyle no to Hom-
Doyle. nothing more!!!!!!!

Tonight is the opening of Whitney Museum. Hope to fit into black gown. will go up with Bob. + Lucy.

To get settled, clear things away + get started again. I need to be moving I can't stand. Standing in glass satisfaction with status quo. I am not. + am very lonely.

The drive school teaches fears, all kinds of fears, proving dilemma all must go for Freedom. As in work - more is behind your back you. Relax. Get off your own back.

I am not as sick as I make myself, live, it's as Rosie is not as sick as she believes ie: Danny. She is now Joseph I am now my art. Both must give up the old. we are past it. ie: Danny, my life.

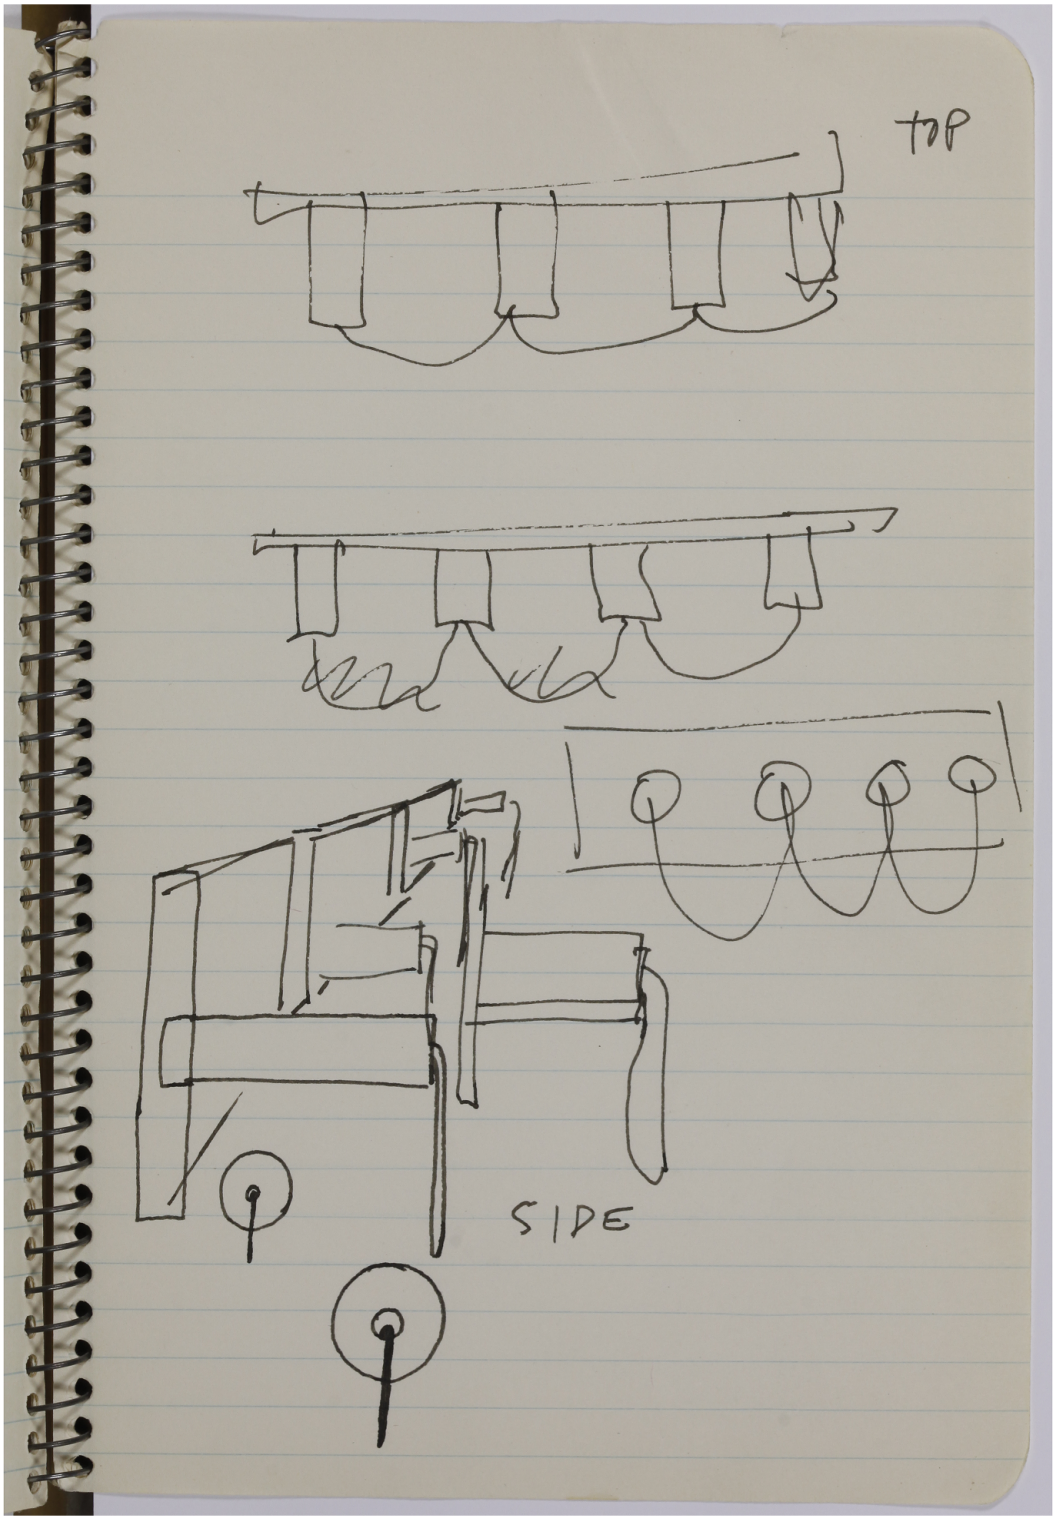

Opening disappointing.
I still miss Tom.

It was not the image of Mona Lisa.
Architecture, life space.
I made it into a 3 dim. caaaaaa
It could be walked thru, around
on it looked like 12th Cat party.

The dream: anxiety woke me.
now Sat. 8:15 A.M.,
I broke a dish. (Mona Lisa)
insisted I buy another, her gift to
me.

She requested I meet with her
privately, following eve. I knew she
suspected me. Thanks a gift. She was
full of irony, hatet suspicion all
directed to finding her betrayer.
